

## **Attwill Receives FDA 510k Clearance for HaloGUARD™**

**October 2, 2020**

ATTWILL Medical Solutions [ATTWILL] is pleased to disclose that its HaloGUARD™ product has received FDA 510(k) clearance in September 2020.

HaloGUARD™ is a protective sterile, single use disc with CHG (chlorhexidine gluconate). HaloGUARD™ has been shown to be 99.99% effective at inhibiting microbial growth of 7 pathogens after 4 hours of exposure. HaloGUARD™ is indicated for use on IV catheters, Central Venous catheters, Epidural catheters, Dialysis catheters, PICCs, Orthopedic pins, other intravascular catheters, and percutaneous devices.

The company has entered into a distribution contract that establishes 8 regional distributors across the US. The distributor network has extensive relationships with key GPOs and IDNs.
